

Role Outline – Volunteer Content Creator (TikTok)

This is an exciting opportunity for to join Endometriosis UK in supporting those with endometriosis by raising awareness online. As a TikTok Content Creator, you will play an important role in increasing engagement and raising awareness of endometriosis. We are looking for a creative individual who is confident developing video content from scratch. This is a voluntary role, ideal for those looking to expand their experience and make a difference on a work-from-home basis.

Key Responsibilities

- Develop engaging video content for Endometriosis UK to publish on TikTok to raise awareness and improve understanding of endometriosis on the platform.
- Send content for up to 4 videos per month.
- Act in line with our Endometriosis UK volunteer policies

You will play a key role in reaching the thousands who rely on us. Overall making an incredible difference.

What skills and experience are required?

No qualifications are needed for this role, but access to a computer/smart phone/tablet and the internet is essential.

- Experience of endometriosis
- Confident and competent recording face to camera video content.
- The ability to work to a brief as set by Endometriosis UK.
- Creativity to develop original and engaging content in line with current trends.
- Strong verbal communication skills.
- Attention to detail to ensure content is consistently of a high quality.
- Organisational skills and the ability to deliver set tasks on time.

Time and Location

Flexible – capacity to create content for 4 videos per month minimum. Home based.

Training

You will receive an induction and training to ensure you have the necessary skills and information to do your role.

Expenses

If there are in person activities, we reimburse travel and food in line with Endometriosis UK's expenses policy.
